RULEMAKING PETITION DECISION

CALIFORNIA POLLUTION CONTROL FINANCING AUTHORITY
Response Pursuant to Government Code 11340.7 1906

SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 1906
Sections Filed, June 22, 2011 to November 16, 2011 1909

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002–931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. “Periodicals Postage Paid in Saint Paul, MN.” **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

ADOPTION

MULTI-COUNTY: Tulalake Fire District

AMENDMENT

MULTI-COUNTY: Bay Area Water Supply and Conservation Agency
Golden State Risk Management Authority
Sierra Joint Community College District

A written comment period has been established commencing on **November 25, 2011**, and closing on **January 9, 2012**. Written comments should be directed to the Fair Political Practices Commission, Attention **Cynthia Fisher**, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government

Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **January 9, 2012**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government that may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code(s) and approve it as revised, or return the proposed code(s) for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES**

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**TITLE 7. BOARD OF PILOT
COMMISSIONERS**

**BUSINESS, TRANSPORTATION AND
HOUSING AGENCY
BOARD OF PILOT COMMISSIONERS
FOR THE BAYS OF SAN FRANCISCO,
SAN PABLO, AND SUISUN**

NOTICE OF PROPOSED RULEMAKING

November 25, 2011

Notice is hereby given that the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun (Board) proposes to adopt the regulatory changes described below after considering all comments, objections and recommendations regarding the proposed action.

1. Title 7. Harbors and Navigation, Division 2.
State Board of Pilot Commissioners for the
Bays of San Francisco, San Pablo and Suisun
Section 219, Duties of Pilots and Inland Pilots

No public hearing is scheduled; however, any interested person or his or her duly authorized representative may request a public hearing no later than fifteen (15) days prior to the close of the public comment period.

The Board proposes to amend section 219 in Title 7 of the California Code of Regulations in order to implement, interpret and make specific Harbors and Navigation Code section 1130 relating to the Port Agent's responsibility to notify the Executive Director of the Board of a suspected violation, navigational incident, misconduct, or other rules violation.

AUTHORITY AND REFERENCE

The proposed regulation has been adopted under the authority of Harbors and Navigation Code section 1154 and in order to implement, interpret, and make specific Harbors and Navigation Code section 1130.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Harbors and Navigation Code section 1130(a) provides that a majority of all of the pilots licensed by the board shall appoint one pilot to act as port agent to carry out the orders of the board. Subsection (b) provides that the port agent shall be responsible for the general supervision and management of all matters related to the business and official duties of pilots licensed by the board. Subsection (c) provides that the port agent shall immediately notify the executive director of the board of a suspected violation, navigational incident, misconduct, or other rules violation that is reported.

Existing Section 219 provides for the duties of the pilots and Inland Pilots. These duties include billing and collecting fees from vessels, availability of the individual pilots, and procedures for providing piloting to the incoming and departing vessels. Existing Section 218(g) provides for procedures in the case of a navigational incident on a vessel with an assigned pilot. This section also provides that the Port Agent shall immediately notify the Executive Director of the Board of any such incident. The language regarding the Port Agent's responsibility to notify the Executive Director is proposed to be deleted from this section. This will not have any effect on the regulated public, because the requirement already exists in section 218.

COST ESTIMATES OF PROPOSED ACTION

The Board has made the following determinations:

- Mandate on local agencies and school districts: None.
- Cost or savings to any state agency: None.
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.
- Other nondiscretionary cost or savings imposed on local agencies: None.
- Cost or savings in federal funding to the state: None.
- Significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.
- Potential cost impact on representative person or businesses: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Significant effect on housing costs: None.

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations will not directly affect small business. This proposal will only affect the pilots and the inland pilots in the Bays of San Francisco, San Pablo, Suisun and Monterey.

ASSESSMENT REGARDING EFFECT ON JOBS/BUSINESS

The adoption of these regulations will not facilitate the creation or elimination of jobs within California. The adoption of these regulations will not affect the creation or elimination of businesses within California or the expansion of businesses currently doing business within California.

REASONABLE ALTERNATIVES CONSIDERED

The Board must determine that no reasonable alternative considered by the Board or that has otherwise been identified and brought to the attention of the Board would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory actions to the Board. Written comments will be accepted by the Board until 5:00 p.m. on January 9, 2012. Submit comments to:

AVAILABILITY OF CHANGED OR MODIFIED TEXT

After the close of the forty-five (45) day public comment period, the Board may adopt the proposed regulation. As a result of public comments, either oral or written, that are received by the Board regarding this proposal, the Board may determine that changes to the proposed regulation are appropriate. If the Board makes modifications that are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Board adopts the regulations as revised. The Board will provide notification of any such modifications to all persons whose comments were received during the public comment period, all persons whose comments (written or oral) were received at the public hearing (if one is held), and all persons who requested notice of such modifications. Otherwise, please send requests for copies of any modified regulations to the attention of Amanda Esquivias at the above email address. The Board will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AVAILABILITY OF INITIAL STATEMENT OF REASONS, RULEMAKING FILE AND EXPRESS TERMS OF THE PROPOSED REGULATIONS

The Board has established a rulemaking file for this regulatory action, which contains those items required by law. The file is available for inspection at the Business, Transportation and Housing Agency, 980 Ninth Street, Suite 2450, California during normal business working hours (9 a.m.–5 p.m.). Please contact Amanda Esquivias at the above email address to arrange a date and time to inspect the files. As of the date this Notice is published in the Notice Register, the rulemaking file consists of this Notice, the Initial Statement of Reasons and the proposed text of the regulations. Copies of these items are available, upon request, from the Board Contact Person designated in this Notice.

AVAILABILITY OF FINAL STATEMENT OF REASONS

The Board is required to prepare a Final Statement of Reasons. Once the Board has prepared a Final Statement of Reasons, a copy will be made available to any

one who requests a copy. Requests for copies should be addressed to the Board Contact Person identified in this Notice.

BOARD INTERNET WEBSITE

The Board maintains an Internet website for the electronic publication and distribution of written material. Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulations in underline and strikeout can be accessed through our website at: www.bopc.ca.gov.

TITLE 10. MANAGED RISK MEDICAL INSURANCE BOARD

NOTICE OF PROPOSED RULEMAKING R-4-11

TITLE 10. CALIFORNIA CODE OF REGULATIONS CHAPTER 5.5 MAJOR RISK MEDICAL INSURANCE BOARD

NATURE OF PROCEEDING

NOTICE IS HEREBY GIVEN that the Managed Risk Medical Insurance Board (MRMIB) is proposing to take the action described in the Informative Digest.

A public hearing regarding this proposal will be held on January 9, 2012, at 1:30 p.m., at 1000 G Street, Suite 450, Sacramento, CA 95814.

Following the public hearing MRMIB may thereafter adopt the proposal substantially as described below or may modify the proposal if the modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written comments related to this proposal, or who provide oral testimony at the public hearing, or who have requested notification of any changes to the proposal.

Notice is also given that any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the:

Managed Risk Medical Insurance Board
Attn: Alexa Malik (R-4-11)
1000 G Street, Suite 450
Sacramento, CA 95814

Comments may also be submitted by facsimile (FAX) at (916) 445-0898 or by e-mail to amalik@mrmib.ca.gov. Comments must be received by no later than 5:00 p.m. on January 9, 2012.

AUTHORITY AND REFERENCE

Authority: Section 12711, 12712 and 12712.5, Insurance Code.

Reference: Sections 12711 and 12711.5, Insurance Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Managed Risk Medical Insurance Board (MRMIB or Board) administers the Managed Risk Medical Insurance Program (MRMIP), which was established in 1991 (See, Insurance Code Section 12700, et seq.) MRMIP provides access to health insurance for individuals who are denied coverage, or offered excessive premiums, due to a pre-existing medical condition. Program subscribers and dependent subscribers can select from several health insurers or health maintenance organizations that contract with MRMIB. In enacting MRMIP, the Legislature required the Board to include a promotional component to notify the public of the program (Insurance Code Section 12711.5).

Section 2698.208(b) of Title 10 of the California Code of Regulations provides application assistance payments to insurance agents and brokers for assistance in completing an application that results in the enrollment of an individual into the program in the amount \$50. The objective of the proposed action is to increase the payment of a completed application which results in enrollment into the MRMIP from \$50 to \$100, so as to increase enrollment of the uninsured individuals who qualify for the program.

The increase of the payment will encourage brokers and agents to enroll these individuals who, because of their pre-existing health condition, are more likely to need medical services than the general population. Without health insurance, these individuals may forgo needed medical services to avoid incurring medical charges or, if they receive services, face potentially devastating financial burdens. The enrollment of this population would also lessen the burden on public budgets because such enrollment would prevent the need for the use of uncompensated emergency room services through access to primary care.

LOCAL MANDATE

This proposal does not impose a mandate on local agencies or school districts.

FISCAL IMPACT ESTIMATES

This proposal does not impose costs on any local agency or school district for which reimbursement would be required pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. This proposal does not impose other nondiscretionary cost or savings on local agencies.

COSTS OR SAVINGS TO STATE AGENCIES

The proposal does result in potential increased cost and savings to the state.

COSTS OR SAVINGS IN FEDERAL FUNDING TO THE STATE

None.

BUSINESS IMPACT/SMALL BUSINESS

The MRMIB has made an initial determination that the proposed regulatory action will have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposal does not affect small businesses as defined by Section 11342.610. It has no impact at all on an entity that is not a state agency as defined in section 11000 of the California Government Code.

ASSESSMENT REGARDING EFFECT ON JOBS/BUSINESSES

The MRMIB has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

COST IMPACTS ON REPRESENTATIVE PERSON OR BUSINESS

The MRMIB is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON HOUSING COSTS

None.

ALTERNATIVES

The MRMIB must determine that no reasonable alternative considered by the agency, or that has been

otherwise identified and brought to the agency's attention, would be more effective in carrying out the purpose for which the adoption of this regulation is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

EFFECT ON HOUSING COSTS

The CSA has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The CSA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS

The CSA has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The CSA has determined that the proposed regulations will indirectly positively affect small businesses. Among other provisions, the Public Safety and Offender Rehabilitation Services Act of 2007 provides \$1.2 billion (in two phases) to counties for the construction or expansion of local jails. This will mean more construction- and custody-related jobs in the communities where this construction takes place.

ASSESSMENTS OF EFFECTS ON JOB AND/OR BUSINESS CREATION, ELIMINATION OR EXPANSION

The CSA has determined that the proposed regulations will indirectly positively affect jobs in California. Among other provisions, the Public Safety and Offender Rehabilitation Services Act of 2007 provides \$1.2 billion (in two phases) to counties for the construction or expansion of local jails. This will mean more construction-related jobs in the communities where this construction takes place.

CONSIDERATION OF ALTERNATIVES

The CSA must determine that no reasonable alternative considered by the CSA, or that has otherwise been identified and brought to the attention of the CSA, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons, than the proposed regulatory action. Interested persons are accordingly invited to present statements or arguments with respect to any alternatives to the changes proposed at the scheduled hearing or during the written comment period.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The CSA has prepared, and will make available, the text and the Initial Statement of Reasons (ISOR) of the amended regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The proposed text, ISOR and the Notice of Proposed Action will also be made available on the CSA's website at www.cdcr.ca.gov/CSA/index.html.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons may be obtained from the CSA's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the CSA may adopt the proposed modified regulations substantially as described in this Notice. If the CSA makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the CSA adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The CSA will accept written comments on the modified regulations for 15 days after the date on which they are made available.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Existing Laws:

In May 2007, Assembly Bill 900 (Chapter 7, Statutes of 2007), the Public Safety and Offender Rehabilitation Services Act of 2007 was signed into law. In April 2011, the 2011 Realignment Legislation Addressing Public Safety (AB 111, Chapter 16, Statutes of 2011) became law, followed by AB 94 (Chapter 23, Statutes of 2011), in May 2011, with additional provisions to the 2011 Realignment Legislation Addressing Public Safety. Both AB 111 and AB 94 amended the provisions in AB 900 with respect to the administration of local jail construction financing. Those requirements are now reflected in Government Code Sections 15820.90 and 15820.917. Specifically, Sections 15820.906 and 15820.916 re-

quire the CSA to adopt regulations for the approval or disapproval of local jail facilities.

Summary of Existing Regulations:

On November 28, 2008, the 2007 Local Jail Construction Funding Program Title 15 regulations were effective. These regulations describe the CSA's responsibilities pertaining to the administration of local jail construction financing. Since then, these regulations have been revised twice (regulatory actions approved November 16, 2010 and May 26, 2011). (Previously, the Board of Corrections¹ administered the County Jail Capital Expenditure Bond Acts of 1981 and 1984, the County Correctional Facility Capital Expenditure Bond Act of 1986 and the County Correctional Facility Capital Expenditure and Youth Facility Bond Act of 1988. Regulations in effect at that time were located in Title 15, California Code of Regulations, Division 1, Chapter 1, Subchapter 2.) There are no comparable federal regulations or statutes.

TITLE 15, DIVISION 1, CHAPTER 1, SUBCHAPTER 6 2007 LOCAL JAIL CONSTRUCTION FUNDING PROGRAM

The title of the regulations found in Title 15, Division 1, Chapter 1, Subchapter 6 has been changed to "Local Jail Construction Financing Program."

There were numerous punctuation changes throughout these regulations.

ARTICLE 1, GENERAL PROVISIONS

Section 1700, Purpose.

This regulation describes the scope of the regulations found in Title 15, California Code of Regulations, Division 1, Chapter 1, Subchapter 6. "Government Code Sections 15820.90 through 1520.918" is deleted and "Chapter 3.11 and 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code" has been added.

In the Authority cited section, "and" was added before "Section 6030." In the Reference section, a comma was deleted after "15820.916" and "and" was added before "15820.917" and "and 15820.918," was deleted.

Section 1706, Definitions.

This regulation defines terms used throughout these regulations. At the request of the Department of Finance, several changes were made to more accurately describe the distribution of state reimbursements. In the following definitions, the term "financing" or "fi-

nanced" replaced the terms "funds," "funded" or "funding."

- 2007 Local Jail Construction Funding Program
- Applicant
- Evaluating and rating process
- Lease-revenue bonds
- Local jail
- Match
- Needs assessment study
- Net gain in beds
- Operational program statement
- Project
- Proposal
- Proposal evaluation criteria
- State bond funds

The term "2007 Local Jail Construction Financing Program" describes these regulations that implement and specify Chapters 3.11 and 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code. The title of this construction administration program originally included the year of the implementing legislation (the Public Safety and Offender Rehabilitation Services Act of 2007). The year "2007" has been deleted.

The term "Applicant" describes those counties that are eligible for applying for financing from the Local Jail Construction Financing Program. The definition of "Applicant" has been amended to delete the year "2007" from the title of this construction financing program.

The term "Application" was added to describe the document that counties complete and submit to the Corrections Standards Authority to be assessed by factors described in Section 1740.1. This term is used throughout these regulations with respect to Phase II of the Local Jail Construction Financing Program.

The definition of "Application assessment factors" is used in the new Section 1740.1, "Phase II Application Assessment Factors." This term was added to these regulations to describe the factors with which applications will be assessed through Phase II of the Local Jail Construction Financing Program.

The term "Assist the State in siting mental health day treatment and crisis care, and/or a continuum of care for parolees" refers to original language in AB 900 (Government Code Section 15820.917) that required CDCR to give funding preference in Phase I of the Local Jail Construction Financing Program to counties that assisted the State in siting mental health day treatment and crisis care (pursuant to Penal Code Section 3073), and/or a continuum of care for parolees. The definition was amended to add "in Phase I of the Local Jail Construction Financing Program" at the end of the sentence.

¹ As a result of the reorganization of California's correctional system in 2005, the Board of Corrections was renamed the Corrections Standards Authority.

The term “Assist the State in siting reentry facilities” refers to original language in AB 900 (Government Code Section 15820.917) that required CDCR to give funding preference in Phase I of the Local Jail Construction Financing Program to counties that assisted the State in siting reentry facilities (pursuant to Penal Code Section 6270). The definition was amended to add “in Phase I of the Local Jail Construction Financing Program” at the end of the sentence.

The term “cash match” (also known as “hard match”) describes the money that is required to be applied as the county’s share of an award of financing. The definition has been amended to add “and Section 1714.1.”

The definition of “Conditional award” has been added to replace “Conditionally award state bond funds.” Both definitions are very similar; however, “Conditional award” describes the maximum amount of state reimbursement a participating county may receive through the Local Jail Construction Financing Program (both phases) and what conditions must be met to be eligible for a conditional award. This new term focuses on the award itself, not the awarding of financing.

The definition of “Conditionally award state bond funds,” has been deleted because it didn’t focus on the award itself, it focused on the awarding of financing. A new definition, “Conditional Award” has been added.

The definition of “Construction bid” is being added to describe the building contractor’s bid for a design–bid–build project.

“Corrections Standards Authority agreement” is the title of a specific agreement between the participating county and the Authority that sets forth standard contracting requirements for the State of California as well as other necessary information.

The term “hard match” (also known as “cash match”) describes the money that is required to be applied as the county’s share of an award of financing. The definition has been amended to add “and Section 1714.1.”

The term “In–Kind match” (also known as “soft match”) describes the cost of county–paid personnel, land or services that may be applied as a portion of the county’s share of an award of financing. The definition has been modified to more accurately describe the types of funds that fit in this category. In addition, this definition has been amended to add “and Section 1714.1.”

The definition of “Interim Financing” has been added to describe the loans that will reimburse participating counties for eligible construction costs through the Local Jail Construction Financing Program.

The term “Large county” describes counties with a population of greater than 700,000. The definition has been amended to add “for Phase I and January 1, 2011 for Phase II.”

The term “Lease–revenue bonds” (also known as state reimbursements) describes the source of financing

for local jail construction or renovation as authorized by Chapters 3.11 and 3.12 of the California Government Code. The definition has been modified to include “Title 2, Division 3, Part 10.5 of” for accuracy. The word “means” has been changed to “mean.”

The term “Local jail” describes the types of county jails (II, III, and IV as defined in Titles 15 and 24, Minimum Standards for Local Detention Facilities) that are eligible to receive financing as authorized by Chapters 3.11 and 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code. The definition has been amended to add “and Section 1712.1.”

The term “Match” describes the local funds in the form of cash, property value, or management/administrative services contributed by a county for a state financed project as authorized by Chapters 3.11 and 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code. The definition has been amended to add “and Section 1714.1.”

The term “Medium county” describes counties with a population from 200,001 to 700,000. The definition has been amended to add “for Phase I and January 1, 2011 for Phase II.”

The term “Needs assessment study” describes the document that contains data that validates and justifies the scope of the construction/renovation project as required by Chapters 3.11 and 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code. The definition has been amended to delete the year “2007” from the title of this construction financing program.

The term “Net gain in beds” describes the number of beds being added to a county’s detention system as a result of this construction financing program. The definition was amended to add “in Phase I of the” and delete the year “2007” from the title of this construction financing program.

The term “Operational program statement” describes the document, submitted early in the design process, which explains how a county intends to operate the local jail. The definition has been amended to delete the year “2007” from the title of this construction financing program.

The term “Participating county” describes a county participating in the Local Jail Construction Financing Program. References to the specific California Government Code sections have been deleted, replaced by “Chapter 3.11 or 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code.”

The definition of “Phase I” is being added to identify and distinguish the portions of these regulations that apply to the process and awarding of financing pursuant to Chapter 3.11 of Title 2, Division 3, Part 10.5 of the California Government Code.

The definition of “Phase II” is being added to identify and distinguish the portions of these regulations that ap-

ply to the process and awarding of financing pursuant to Chapter 3.12 of Title 2, Division 3, Part 10.5 of the California Government Code.

The definition of “Preliminary plans” is being added to describe the first set of documents submitted by the participating county in the State Public Works Board’s lease–revenue bond financing process.

The term “Project” describes the facility that is to be constructed or renovated through the Local Jail Construction Financing Program. The definition has been amended to delete the year “2007” from the title of this construction financing program.

The term “Project delivery and construction agreement” is the title of a specific agreement between the participating county, State Public Works Board, CDCR and the Authority that sets forth standard contracting requirements for the State of California as well as other necessary information. This definition is being amended to add “as described in Section 1748.”

The term “Proposal” describes the document that counties complete and submit to the Corrections Standards Authority to be evaluated by criteria described in Section 1740. This definition has been amended to add reference to Phase I to emphasize that the term “proposal” is used in Phase I of the Local Jail Construction Financing Program. The definition has also been amended to delete the year “2007” from the title of this construction financing program.

The term “Proposal evaluation criteria” describes the elements used in Section 1740 to rate the proposals by a weighted point scale system. This definition has been amended to add reference to Phase I to emphasize that the term “proposal” is used in Phase I of the Local Jail Construction Financing Program. The definition has also been amended to delete the year “2007” from the title of this construction financing program.

The term “Reentry preference” refers to original language in AB 900 (Government Code Section 15820.917) that required CDCR to give funding preference in Phase I of the Local Jail Construction Financing Program to counties that assisted the State in siting reentry facilities (pursuant to Penal Code Section 6270). The definition was amended to add “in Phase I of the Local Jail Construction Financing Program.” In addition, reference to Government Code Section 15820.917 has been deleted.

The term “Small county” describes counties with a population of fewer than 200,000. This definition has been amended to add “for Phase I and January 1, 2011 for Phase II.”

The term “soft match” (also known as “in-kind match”) describes the cost of county–paid personnel, land or services that may be applied as a portion of the county’s share of an award of financing. This definition has been modified to more accurately describe the types

of funds that fit in this category. In addition, this definition has been amended to add “and Section 1714.1.”

“State bond financing” (also known as “lease–revenue bonds”) describes the source of financing for local jail construction or renovation as authorized by Chapters 3.11 and 3.12 of the California Government Code. The definition has been modified to include “Title 2, Division 3, Part 10.5 of” for accuracy.

The term “State reimbursements” describes the payments made to the county by CDCR to reimburse the county for eligible project costs.

The definition of “Working drawings” is being added to describe the final set of documents submitted by the participating county in the State Public Works Board’s lease–revenue bond financing process.

In the Note section, “and” was added before and a comma was added after “15820.917” and “and 15820.918,” was deleted.

ARTICLE 2, ELIGIBILITY REQUIREMENTS

Section 1712, Eligibility Requirements.

This regulation establishes the eligibility requirements for the Phase I of the Local Jail Construction Financing Program. The title of this section has been changed to add “for Phase I” after “Requirements.” (The new title will read “Eligibility Requirements for Phase I.”)

In subsection (a) Phase I was added to emphasize that this section is only applicable to Phase I of the Local Jail Construction Financing Program. The definition has also been amended to delete the year “2007” from the title of this construction financing program. In addition, the term “financing” replaced the term “funding.”

In subsection (b), “funding” was deleted and “reimbursement” was added.

In subsection (c) “for state bond funding” was deleted and “for state financing” was added.

In subsection (c)(1) “for funding” was deleted.

In the Note section, references to Government Code Sections 15820.91, 15820.916 and 15820.917 have been deleted. “And” has been added before “Section 6030” and before “Sections 3073.”

Section 1712.1, Eligibility Requirements for Phase II.

The new regulation establishes the eligibility requirements for Phase II of the Local Jail Construction Financing Program and was developed to explain how a county can be eligible to participate. These requirements are consistent with statute and establish conditions that, when met in their entirety by the county, make them eligible for state financing under this program. It also describes what can and cannot be financed through this program. These requirements are consis-

tent with past practice by the Authority in previous jail construction funding programs and were established to ensure conformance with statutory requirements, as well as to create parameters in response to the limited state funds available.

Section 1714, Matching Fund Requirements.

This regulation describes the matching fund requirements for counties participating in this construction program. The title of this section has been changed to add “for Phase I” after “Requirements.” (The new title will read “Matching Fund Requirements for Phase I.”)

In subsections (a) through (f), “Phase I” has been added. Also in subsection (a), reference to Government Code Section 15280.917 has been deleted.

In subsection (g), “directly” was added between “be” and “for.”

Also in this subsection, “funded by the Authority” was deleted.

In the Note section, references to Government Code Sections 15820.916 and 15820.917 have been deleted. “And” has been added before “Section 6030” and between “15820.906” and “15820.907.”

Section 1714.1, Matching Fund Requirements for Phase II.

This new regulation specifically pertains to Phase II of the Local Jail Construction Financing Program and describes the matching fund requirements for counties participating in this construction program. It was developed to reflect that statutory language requires counties to contribute matching funds totaling a minimum of 10 percent of the total project cost and includes the statutory option that counties below a general population of 200,000 can petition the Authority for a reduction in match. The regulation states that the 10 percent match can be any combination of cash and in-kind match.

The regulation also describes those items that can be considered cash match and in-kind match.

ARTICLE 3, APPLICATION TO PARTICIPATE IN 2007 LOCAL JAIL CONSTRUCTION FUNDING PROGRAM

The title of this article has been changed to “Application to Participate in the Local Jail Construction Financing Program. The year “2007” has been deleted from the title. In addition, the word “financing” has replaced the word “funding.”

Section 1730, Proposal.

This regulation describes the requirements and elements for a proposal for the Local Jail Construction Financing Program. The title of this section has been changed to “Proposal Process for Phase I.”

Subsections (a) and (b) have been amended to include “for Phase I.”

Subsection (b)(2) was amended for consistency with Section 1747.5. The phrase “owned by the city” was deleted and “located within the limits of the city” was added.

In subsection (b)(7) “include identifying” has been deleted and “identify” has been added. Also in this subsection the term “financing” replaced the term “funds.”

In the Note section, reference to Government Code Section 15820.916 has been deleted. “And” has been deleted between “15820.906” and “Government.”

Section 1730.1, Application Process for Phase II.

This new regulation specifically pertains to Phase II of the Local Jail Construction Financing Program and was developed to describe the requirements and elements for counties to apply for financing through this program. The application is required to be submitted utilizing the 2011 Local Jail Construction Financing Program — AB 900 Phase II Application Form attached to the AB 900 Phase II Construction or Expansion of County Jails, Request for Applications and approved by the Authority. The form provides a clear, concise and consistent format for the counties to record necessary information as listed in subsection (c)(1) through (5) that is essential to the assessment process because the information is used as assessment criteria (see Section 1740.1). The 2011 Local Jail Construction Financing Program — AB 900 Phase II Application Form is a single contract, specific document and does not contain rules of general application.

The 2011 Local Jail Construction Financing Program — AB 900 Phase II Application Form, dated October 6, 2011, is incorporated by reference in the regulations. The form would be impractical, cumbersome and unduly expensive to publish in the California Code of Regulations as it is a twelve (12) page, inter-active form that is to be completed by the counties electronically, printed and submitted as the project application along with other required documents as attachments. The form is reasonably available to the public, via the Authority’s website at <http://www.cdcr.ca.gov/CSA/index.html> and upon request, directly from the Authority’s business office located in Sacramento, CA.

Subsection (c)(1)–(3) is being added to establish the requirements for a county relinquishing a Phase I conditional award and applying for a Phase II award.

Section 1731, Needs Assessment Study.

This regulation describes how counties must document their need for financing through the Local Jail Construction Financing Program. The terms “Phase I” and “Phase II” have been added.

In the Notes section, “and” has been added between “Government Code;” and “Section 6030.”

Section 1740, Proposal Evaluation Criteria.

This regulation describes the criteria by which proposals will be evaluated. The title of this section has been changed to add “Phase I” before “Proposal Evaluation Criteria.” (The new title will read “Phase I Proposal Evaluation Criteria.”)

The comma after 15820.906 was deleted, “and” was added before 15820.907 and reference to 15820.916 and 15820.917 are deleted.

The term “Phase I” was added to the first paragraph.

In the Note section, reference to Government Code Sections 15820.916 and 15820.917 have been deleted. “And” has been added before “Section 6030” and between “15820.906” and “15820.907.”

Section 1740.1, Phase II Application Assessment Factors.

This new regulation describes the factors by which applications will be assessed. This regulation specifically pertains to Phase II of the Local Jail Construction Financing Program. Applications submitted by counties will be assessed to determine their eligibility for financing through this program. It reflects statutory language that requires the Authority to grant preference in the assessment process to 1) those counties that committed the largest percentage of inmates to state custody in relation to the total inmate population of CDCR in 2010 and 2) those counties that received a Phase I conditional award and wish to relinquish their conditional award and reapply for a Phase II conditional award provided that those counties agree to continue to assist the state in siting reentry facilities.

The assessment factor for cost effectiveness is referenced in Government Code Section 15820.916 as a factor for approval or disapproval of local jail facilities.

Government Code Section 15820.916 requires that in order to be eligible to receive funds through this program, counties must document their need for jail beds. The assessment factor for the documentation of need for the project was added to meet this legislative requirement.

The factor for the use of detention alternatives was included to evaluate the county’s commitment to effectively relieve jail overcrowding and reduce recidivism by utilizing alternative-to-jail programs.

The assessment factor for scope of work and project impact will be based on the degree to which the county’s application describes the proposed project and demonstrates the impact the project will have on the county’s detention system.

The assessment factor for an administrative work plan will be based on the degree to which the county’s proposal provides a clear and comprehensive plan for designing, performing and managing the proposed project that is likely to result in success.

Counties are required to safely staff and operate the constructed facility within 90 days of its completion. The assessment factor for a plan for adequate staffing of the facility was included in this regulation.

Assembly Bill 109 provided for a fundamental realignment of responsibilities for lower level offenders and adult parolees from state prisons to local jurisdictions. The assessment factor for the effects of realignment was included in this regulation.

The assessment factor for budget was included to enable the evaluators to understand how the county intends to budget for the construction project in a reasonable and cost-effective manner.

Section 1747, Steps to Proceed with Construction for Design-Bid-Build Projects.

This regulation describes the requirements to be fulfilled in order to begin construction for design-bid-build projects in the Local Jail Construction Program. In subsection (a) “Prior to a participating county receiving state bond funds” was deleted.

Subsection (a)(1) was amended to add reference to Section 1730.1 of these regulations.

Subsection (a)(3) was added to show CDCR’s involvement in confirming that participating counties have completed the various steps required before they can proceed with construction. The new language also describes the oversight role of the State Department of Finance and the Board.

In the new subsection (a)(4), “financing from state bond funds” was deleted.

In the new subsection (a)(5), “by the financing of state bond funds” was deleted.

In the new subsection (a)(7), “a final notice of determination on its environmental impact report” was deleted and “documentation of California Environmental Quality Act compliance” was added.

In the new subsection (a)(8), “(minimum of a 40 plus year site lease or use permit),” was deleted. Adequate control of the site is subject to a case-by-case analysis that could lead to more or less than 40 years to be deemed adequate.

Section 1747.1, Steps to Proceed with Construction for Design-Build Projects.

This regulation describes the requirements to be fulfilled in order to begin construction for design-build projects in the Local Jail Construction Program. In subsection (a) “Prior to a participating county receiving state bond financing” was deleted.

Subsection (a)(1) was amended to add reference to Section 1730.1 of these regulations.

A new subsection (a)(3) was added to show CDCR’s involvement in confirming that participating counties have completed the various steps required before they can proceed with construction. The new language also

describes the oversight role of the State Department of Finance and the Board.

In the new subsection (a)(4), “financing from . . . bond financing” was deleted.

In the new subsection (a)(5), “by the financing of state bond financing” was deleted.

In the new subsection (a)(7), “a final notice of determination on its environmental impact report” was deleted and “documentation of California Environmental Quality Act compliance” was added.

In the new subsection (a)(8), “(minimum of a 40 plus year site lease or use permit),” was deleted. Adequate control of the site is subject to a case-by-case analysis that could lead to more or less than 40 years to be deemed adequate.

Section 1747.5, Requirements for the Siting Agreement.

This regulation describes the roles, responsibilities and performance expectations of the participating county and the CDCR to establish a reentry facility. The title of this regulation has been changed to read “Requirements for the Siting Agreement in Phase I.”

“In Phase I” was added at the beginning of subsection (a). The term “financing” replaced the term “funds” and “funding” in subsection (a).

In the Note section, “and” was added before “Section 6030”. After “15820.907,” “and” was deleted, a comma was deleted after 15820.915 and “and” was added.

Sections 1748, Project Delivery and Construction Agreement, 1748.5, Corrections Standards Authority Agreement, 1752, Ground Lease, 1753, Right of Entry for Construction and 1754 Facility Sublease describe the various agreements that counties must enter into to participate in this lease-revenue bond financing process. Each of these regulations was promulgated before these agreements were developed. During this revision process, it was determined that each of the above regulations should be amended to describe each agreement in broad terms, leaving the detail of each to the agreements themselves.

Section 1748, Requirements for the Project Delivery and Construction Agreement.

This regulation describes the elements of the project delivery and construction agreement. Subsection (a) was amended to read that this agreement will be executed after the Board establishes the scope, cost and schedule for the participating county’s project.

Subsection (b)(1) was deleted because it duplicates language from the project delivery and construction agreement.

Subsections (b)(2), (4) and (5) were deleted because these requirements reside in the CSA agreement.

Subsection (b)(3) was deleted because the project delivery and construction agreement does not contain this detailed information.

Subsection (b)(6) was deleted due to its vagueness.

Subsection (b)(7) was deleted because it duplicates language from Section 1751, General Requirements (subsection (e)).

Subsection (b)(8) was deleted because it duplicates language from the project delivery and construction agreement.

Subsection (c) was deleted because it is a requirement in the CSA agreement.

Section 1748.5, Corrections Standards Authority Agreement.

This regulation was added to describe the basic elements of the CSA agreement between the participating county and the Authority.

Section 1751, General County Requirements.

This regulation describes a participating county’s responsibilities as delineated in statute. Subsection (e) was amended to clarify that as a general county requirement, in all agreements, the county must indemnify the State of California. This subsection was also amended to add acquisition, design, construction, operation and maintenance to those situations that the county must indemnify the state.

In the Note section, “and” was added before “Section 6030.”

Section 1752, Ground Lease.

This regulation describes the transfer of the possession and control of the property upon which the local jail facility will be constructed, from the county to CDCR. Subsection (a) has been amended to delete “In the situation involving a ground lease.” “with Board consent” has been added. “only after the county has certified the site pursuant to Government Code Section 15820.906(b)(1) and” has been deleted. The remainder of this subsection was deleted because it duplicates language from the Ground Lease.

Subsection (b) has been amended to reflect that an easement is needed over adjacent county property as necessary for the project footprint.

Subsection (c) has been amended to provide a more simple description of the absolute minimum requirements for a legal description.

Subsection (d) was deleted because it is a requirement that the State is placing upon itself — the State will be requesting recordation rather than requiring the county to do the recordation.

Subsection (e) was deleted because it is a precondition to the Ground Lease and is part of the Board’s de-

termination that the site is adequate as referenced in subsection (a).

Subsection (f) was deleted because the term and termination provisions are included in the Ground Lease.

Subsection (g) was deleted because it is just one of many specific requirements in the Ground Lease.

Subsection (i) was deleted because this requirement is included in the Ground Lease.

Subsection (j) was deleted because it is not technically correct. The title remains with the county throughout the term of the lease. This requirement is included in the Ground Lease.

Section 1753, Right of Entry for Construction.

This regulation authorizes the participating county and their contractors to use the site that has been leased to CDCR via the above-referenced ground lease. The last sentence in subsection (a) was deleted because termination language resides in the Right of Entry for Construction agreement.

Subsection (c) was deleted because this concept is addressed in Section 1751, General Requirements, subsection (e), and is not necessary to repeat here.

Section 1754, Facility Sublease.

This regulation describes the requirements to sublease the local jail facility to the county for its use, operation and maintenance. It also contains language that protects the State of California and describes the parameters of how the county may use and occupy the local jail facility. The first sentence in subsection (a) was amended to delete “Immediately after” and in its place “If” was added. At the end of the first sentence, “with Board consent” was added to reflect the Board’s oversight in this process. A new sentence was added that describes, in broad terms, the content of the facility sublease.

Subsections (c)(1)–(2) and (7) through (10) were deleted because these requirements reside in the Facility Sublease agreement. With respect to subsection (c)(3), this is not a county responsibility but a responsibility of CDCR; therefore this statement was deleted. In subsection (c)(4), it is a matter of Board consent whether a county may make additions, betterments or improvements to the facility. The Board’s consent will consider the abatement issue, among others. In subsection (c)(6), indemnification is addressed in Section 1751, General County Requirements.

ARTICLE 4, ADMINISTRATION OF THE PROCEEDS OF THE STATE BOND FUNDS AND PROJECT MONITORING

The title of this article has been changed. “Reimbursements” has replaced “the Proceeds of the State

Bond Funds.” (The new title is “Administration of Reimbursements and Project Monitoring.”)

Section 1756, Disbursement of the Proceeds from the Lease–Revenue Bond Funds.

This regulation describes how state reimbursements are disbursed to participating counties. The title of this regulation was changed to reflect that participating counties are reimbursed by the state for eligible project costs for the Local Jail Construction Financing Program. (The title will read “Disbursement of State Reimbursements.”)

In subsection (b), “or application” was added after “proposal.” Also, “project delivery and construction” was deleted and “CSA” was added before “agreement.” Finally, “payment” was deleted and “state reimbursement” was added.

Subsection (c) was deleted because, while technically true, it is a misleading statement. There are many other activities that must take place before reimbursement to counties may occur.

In the new subsection (c) “payments from the proceeds of lease–revenue bonds” was deleted and “state reimbursements” was added. “the Board and/or” was deleted and “/or CDCR and” was added to reflect that the Authority and CDCR are the entities that may be questioning the supporting documentation.

Subsection (e) was deleted because it was unnecessary. The following subsections describe the conditions under which state reimbursements are made.

The following format changes were made: subsection (e)(1) was renumbered (d) and (e)(2) was renumbered (e).

The new subsection (d) was amended to delete the word “payment.” The section was also amended to allow counties to submit for payment on a schedule mutually agreed to by the Authority and the participating county and written in the CSA agreement.

The new subsection (e) was amended to delete the word “payment.” Due to the reformatting of this regulation, “;and,” was deleted.

The former subsection (e)(3), now the new subsection (f), has been amended to delete “from the proceeds of lease–revenue bonds to the participating county” and add “of anticipated total state reimbursements.” This subsection was also amended to reflect CSA Board action that changed the retention amount withheld from the proceeds of the lease–revenue financing from 20% to 5%. This section was also amended to add reference to the CSA agreement and to emphasize that in order to release the withheld amount, the participating county must comply with the applicable terms of the CSA agreement, project delivery and construction agreement and other agreements applicable to financing and

applicable conditions and requirements of law and regulation.

The former subsection (e)(3) partially described the conditions with which counties must comply before funds withheld would be released to the participating county. Subsections (f)(1), (2), (3) and (5) were added to complete the list of conditions that participating counties must meet. Subsection (4) is one of the elements from the previous (e)(3). Finally, at the end of subsection (f)(5) “receipt and approval of the final project audit report, and final construction inspection and approval by appropriate officials.” was deleted because these elements are captured in subsections (f)(2) and (3).

The former subsection (e)(3) has been amended and reformatted to (f)(4) and (5).

Section 1757, Pooled Money Investment Board.

This regulation describes the financing provided by the Pooled Money Investment Board (pursuant to statute) through the CDCR to the participating county, for the local jail project until lease–revenue bonds are available. This regulation was deleted.

Section 1760, Accounting.

This regulation describes the accounting requirements that participating counties must adhere to if awarded state financing through the Local Jail Construction Financing Program. The title of this regulation has been changed to Record Keeping and Accounting.

A new subsection (a) was added to reflect the requirement that participating counties must establish an official project file for the project. This subsection also describes the required contents of the file and that a copy of this file would be forwarded to the CDCR upon termination of the CSA agreement, marking the completion of the project. The required documents (contracts, payment of invoices, transfer of funds and other related accounting records) describe how the state reimbursements and county funds were appropriately received and distributed.

The new subsection (b) requires that the file shall be protected from fire or other damage and the new subsection (c) requires that the file be preserved for a minimum of three years after the last date on which no lease–revenue bonds are outstanding.

The former subsections (a) and (b) have been renumbered to (d) and (e) respectively. Subsections (d) and (e) were amended to delete “proceeds of lease–revenue bonds” and add “state reimbursements” and subsection (e) was amended to delete “bond funds” and add “reimbursements.”

Section 1766, Monitoring of Process.

This regulation describes the project monitoring requirements of the Authority and the Board. Subsection

(a) was amended to add that both CDCR and the Authority shall monitor the administration of the project.

This subsection was also amended to reflect that participating counties are not paid by the proceeds of lease–revenue bonds, but are reimbursed by the state.

Subsection (b) was amended to add the Authority and the State Department of Finance to clarify that the Board, the Authority and the Department of Finance have administrative oversight of the project.

Subsection (c) was added to require state officials’ access to the project site, project files and contractors’ records.

Section 1767, Completion of Project.

This regulation requires the county to construct the project in accordance with the agreements, plans and specifications as approved by the Board and the Authority. This regulation was reformatted into two subsections. Subsection (a) was amended to delete reference to the project delivery and construction agreement and add reference to the CSA agreement. The reference to plans and specifications was added after “(with respect to a design–build project)” to clarify that participating counties utilizing the design–build method of construction must complete their projects in accordance with approved plans and specifications (as required by 1749.1) as well as the approved performance criteria or performance criteria and concept drawings. The last sentence in this section was also deleted.

Subsection (b) now contains reference to the repercussions of failure to proceed with the project on the agreed schedule and adds reference to the CSA agreement. Subsection (c) was added to require the participating county to submit a final project summary to the Authority upon completion of the project.

In the Note section, “and” was added between “Government Code;” and “Section 6030.”

1768, Project Modifications.

This regulation describes the process that participating counties must follow if modifications are needed to their project. Subsection (a) was amended to delete the “project delivery and construction” and add “CSA” before “agreement.” In addition, the words “written amendment and” were deleted and in its place, the word “advance” was added.

As part of establishing a project with the Board, participating counties must develop a scope of work, a budget and a schedule for the approval by staff of the Board. These items are approved by the Board and included in the project delivery and construction agreement and the CSA agreement. The project delivery and construction agreement will not be amended after approval by the Board (hence its deletion from this regulation); however, the CSA agreement may be amended. In order for an amendment to be made to the CSA agreement, counties

must obtain prior written approval of the Board and the Authority.

To assure that a project is suitable for lease–revenue bond financing, careful scrutiny is given to a project’s scope, design, configuration, cost and schedule. Once a participating county’s project is established by the Board (and all parties have signed the required agreements), any significant change to a project’s scope, design, configuration, cost and schedule must be preceded by advance approval of the Board and the Authority.

Due to changes to subsections (1), (2) and (3), the last sentence in Subsection (a) has been amended to delete “if the modifications” and add “upon any of the following events or circumstances:” to be grammatically correct.

Subsection (a)(1) was amended to accurately reflect language in the project delivery and construction agreement.

Subsection (a)(2) was added to reflect the importance of the previously approved completion date with respect to the project’s ability to be bond saleable.

In subsection (3), “Substantially alter” was deleted and “A more than minor change to” was added to reflect language in both the project delivery and construction agreement and the CSA agreement.

Subsection (4) was added because any project modification that would impact the Authority’s or the State Fire Marshal’s construction or operational regulations, or the security and fire and life safety of the facility or change the number of beds, must be reviewed and approved by those state entities and requires advance approval of the Board and the Authority.

In subsection (3), “Change the number of beds or otherwise impact the Authority construction or operations regulations.” was deleted. These two issues are now included in subsection (4).

A new subsection (b) was added to require the participating county to provide written notification to the Authority of any modifications to the county’s agreement for construction with its contractor.

The former subsection (b), now subsection (c), was modified to clarify when change orders are to be submitted.

In the former subsection (c), now subsection (d), “project delivery and construction” was deleted and “CSA” was added before agreement. In addition, the term “financing” replaced the term “funds” in subsection (d).

Section 1770, Audits.

This regulation describes the audit requirements that participating counties must adhere to if awarded state financing through the Local Jail Construction Financing Program. Subsection (a) was amended to require that the participating county obtain an audit performed

in accordance with Government Auditing Standards, issued by the Comptroller General of the United States.

In the second sentence of subsection (a), “participating” was added in front of “county.”

The third and fourth sentences in subsection (a) were reformatted into a new subsection (d).

A new subsection (b) was added to describe the auditor’s final audit report and require that the final audit report be submitted to the county Board of Supervisors.

In the event that the auditor determines any findings and recommendations, a corrective action plan must be prepared. Subsection (c) was added to describe the requirements for the corrective action plan.

“CDCR” was added to the first sentence of the new subsection (d). In the second sentence, “CDCR” was added, “Board and” was deleted and “or the” was added. In addition, “the proceeds of lease–revenue bonds” was deleted and “state reimbursements” was added. Finally, “the” was deleted, “established” was added and “of the bond contract” was deleted.

The former subsection (b), now the new subsection (e) was amended to add the term “state reimbursements” and delete the term “payments.”

Section 1772, Unused Proceeds of Lease–Revenue Bonds.

This regulation clarifies that counties will not receive the state reimbursement in excess of the amount of the conditional award provided by the Authority and further stipulates the process that occurs in the event a participating county does not use all the state financing that was awarded to them. The title of this regulation has been changed to “Unused Conditional Awards.”

Subsection (a) was amended to add “participating” in front of “county.” “the proceeds of lease–revenue bonds” was deleted and “state reimbursements” was added. The word “provided” was deleted and “approved” was added.

The first sentence in subsection (c) was moved to be the new subsection (b). This sentence was restructured for clarity. “Any proceeds of lease–revenue bonds not expended by” was deleted and replaced by “If a participating county does not fully use the amount of the conditional award.” “pursuant to the approved proposals, project delivery and construction agreement or approved construction plans” was deleted. “that unused amount” and “available for redistribution” was added and “redistributed” was deleted.

Subsection (b) was moved to subsection (c). It was amended to delete “proceeds of lease–revenue bonds” and “state reimbursements” was added. The word “spent” was deleted and “made” was added. The word “payments” was deleted and “state reimbursements” was added.

All of subsection (c) was deleted because it was unnecessary; this language is in the CSA agreement.

ARTICLE 5, APPEAL PROCEDURES

Section 1776, Purpose.

This regulation describes the purpose of the regulations in this article and applies to both phases of the Local Jail Construction Financing Program. The term “or application assessment process” was added at the end of the first sentence and at the end of the last sentence. The term “evaluation or assessment” replaced the term “funding” in the last sentence.

In the Note section, “and” was added between “Government Code;” and “Section 6030.”

Section 1778, Definitions.

This regulation defines terms used throughout the following regulations. In subsection (ii) of the definition of “Hearing panel,” “state reimbursements” replaced “proceeds of lease–revenue bonds.”

Section 1788, Request for Corrections Standards Authority Appeal Hearing.

This regulation describes the process for participating counties to request an appeal hearing. It has been amended to add “or the application assessment process.”

In the Note section, “and” has been added between “Government Code;” and “Section 6030.”

Section 1790, Corrections Standards Authority’s Hearing Procedures.

In the Note section, “and” has been added between “Government Code;” and “Section 6030.”

Section 1792, Corrections Standards Authority’s Decision.

In the Note section, “and” has been added between “Government Code;” and “Section 6030.”

DEPARTMENT OF FISH AND GAME

Department of Fish and Game —
Public Interest Notice
For Publication November 25, 2011
PROPOSED RESEARCH ON FULLY
PROTECTED SPECIES

Golden Eagle Home Range, Habitat Use, and Demography in the California Desert

The Department of Fish and Game (Department) received a proposal on October 13, 2011 from Todd Katzner, of West Virginia University, requesting authorization to live-trap, telemeter, and collect naturally shed feathers from the golden eagle (*Aquila chrysaetos*) (eagle), a Fully Protected bird, for research purposes consistent with the protection and recovery of this species. The goal of this work is to understand the movements, habitat relationships, demography, and demographic correlates of the eagle. This work will be conducted in the Bureau of Land Management's California Desert District in the southeastern part of the state.

The applicant is in the process of obtaining the required Scientific Collecting Permit (SCP) to take protected species of wildlife. Permit conditions require that the holder of an SCP obtain special authorization from the Department for research on Fully Protected species. The proposed activities include trapping, radio telemetry, blood and feather collection from trapped eagles, habitat modeling, winter surveys, and collection of non-invasive genetic samples. The Department intends to issue, under specified conditions, a Memorandum of Understanding (MOU) that would authorize the applicant to carry out the proposed activities.

Pursuant to California Fish and Game Code (FGC) Section 3511(a)(1), the Department may authorize take of Fully Protected birds after 30 days notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the proposed research is consistent with the requirements of FGC Section 3511 for take of Fully Protected birds, it would issue the authorization on or after December 25, 2011, for an initial and renewable term of three years. DEPARTMENT OF FISH AND GAME

Department of Fish and Game —
Public Interest Notice
For Publication November 25, 2011
PROPOSED RESEARCH ON FULLY
PROTECTED SPECIES
Research on Santa Cruz Long-toed Salamander
Recovery Techniques

The Department of Fish and Game ("Department") received a proposal on February 28, 2011, from Dr. Antonia D'Amore at the Elkhorn Slough National Estuarine Research Reserve, requesting authorization to conduct research on the Santa Cruz long-toed salamander (*Ambystoma macrodactylum croceum*) (SCLTS), a State Fully Protected amphibian. The applicant is required to have a Scientific Collecting Permit (SCP) to capture and handle wildlife. Permit conditions require that the holder of an SCP obtain special authorization from the Department for research on Fully Protected species.

Dr. D'Amore requests permission to set up replicate fish exclusions in four wetlands in southern Santa Cruz County and northern Monterey County that contain invasive fish species and SCLTS. Fish exclusion areas would be used to test the hypothesis that SCLTS breeding can be restored in these wetlands by providing fish-free habitat in shallow water that would allow for egg deposition by the salamanders. The exclusions would be large enough (3m x 10m) that they would provide ample space for larvae to thermoregulate and forage successfully until they metamorphose. The exclusions would be checked at least weekly to ensure they have sufficient water for the salamanders and that they remain fish-free. The success of the exclusions would be determined by surveying both the exclusion areas (treatment) and the remainder of the wetland (control), in late spring (May), to determine if there was a difference in reproductive success between the areas. If the salamander is encountered, Dr. D'Amore would note the number of individuals, the developmental stage, and the sex of the individuals based on physical characteristics. The survey techniques would involve dip-netting and seining for larval salamanders, and brief handling for identification purposes, in accordance with a Department-approved protocol. No marking or tissue sampling would be conducted on the individuals. The techniques that Dr. D'Amore is proposing to use are commonplace in field biology, and no adverse effects on individuals or populations are anticipated. If there is evidence that fish exclusions can boost reproductive success, it may provide a valuable tool to create breeding habitat in large wetlands, and to provide rationale for invasive whole-system fish removal in wetlands of

feasible size. Data obtained from this research will be used to test these restoration techniques to aid in the recovery of the species.

The Department intends to issue, under specified conditions, a Memorandum of Understanding (MOU) or other special permit that would authorize the applicant to carry out the proposed activities. Additional locations may be authorized by the Department for future projects. As the salamander is also a Federally endangered species, the applicant is required to possess a valid Federal Fish and Wildlife Permit for threatened and endangered species.

Pursuant to California Fish and Game Code (FGC) Section 5050(a)(1), the Department may authorize take of Fully Protected amphibians after 30 days notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the proposed research is consistent with the requirements of FGC Section 5050 for take of Fully Protected amphibians, it would issue the authorization on or after April 18, 2011, for an initial and renewable term of two years. RULEMAKING PETITION DECISION

CALIFORNIA POLLUTION CONTROL FINANCING AUTHORITY

November 8, 2011

Keith Paul Bishop
23311 Via Dorado
Trabuco Canyon, CA 92679

Dear Mr. Bishop:

Thank you for your recent petition requesting that California Pollution Control Financing Authority (CPCFA) adopt regulations prescribing standards for "microbusiness lenders" as defined in Government Code Section 13997.2, as recently amended by AB 901 (V. Manuel Perez). As stated in your email, the reason for your request is the amendment of Health and Safety Code Section 44559.1(d)(2)(A) pursuant to AB 901 and AB 981.

Although Health and Safety Code Section 44520 grants CPCFA the authority to adopt all regulations necessary to carry out its responsibilities and recent amendments to Section 44559.1(d)(2)(A) grant CPCFA the authority to set the standards required of "microbusiness lenders" for purposes of CPCFA's

California Capital Access Program, at this time, we are denying your request because AB 901 and AB 981 are not effective until January 1, 2012. In the intervening time, we will be reviewing the legislation and CPCFA's existing regulations to determine whether any changes are required and we will proceed with any necessary rulemaking after January 1, 2012, as practicable.

We will provide a copy of your petition to any interested person who requests it. If you have any further questions regarding this response, please contact Nan-see Trombley at (916) 651-8663.

Sincerely,

/s/
Michael Paparian

AIR RESOURCES BOARD

Part 1: Truck/Bus 2010: On-Road Drayage Trucks

The Air Resources Board submitted this action to amend title 13, California Code of Regulations, section 2027, which establishes emissions requirements for drayage trucks. The amendments prohibit “dray-offs,” which is the practice of exchanging cargo with non-compliant drayage trucks near port or intermodal rail yard facilities, and include Class 7 trucks in the phased-in emissions schedule for drayage trucks. Additionally, Class 7 trucks operating in the South Coast Air Basin will be required to meet specified emissions criteria by January 1, 2012. The amendments sunset the drayage truck regulation on December 31, 2022, at which time drayage trucks will be subject to the emissions requirements for trucks and buses in title 13, California Code of Regulations, section 2025.

BOARD OF EDUCATION

Charter Revocation and Revocation Appeals

In this regulatory action, the State Board of Education adopts and amends regulations pertaining to “Charter Revocation and Revocation Appeals.” Most of these regulations implement Education Code section 47607 by setting forth the procedural requirements for a chartering authority to revoke a charter school’s charter and the appeal rights that would then be applicable for revocation-related appeals to a county board of education and/or to the State Board of Education. One of the regulations implements Education Code section

47604.5 by setting forth procedural requirements applicable to a potential State Superintendent of Public Instruction recommendation to the State Board of Education pertaining to specified alleged charter school violations.

FISH AND GAME COMMISSION
ALDS Acceptable Forms of ID: Wildlife Area Passes &
Annual Fee Adjustments

This rulemaking action by the Fish and Game Commission expands the use of the Automated License Data System (ALDS) by adding new acceptable forms of identification required to obtain licenses, permits, tags, and other entitlements. This action also implements annual revisions to commercial and sport fishing permit and application fees, and incorporates various revised and new forms and worksheets.
